Sectional Meetings To Be Open Forum For All Interested In Various Subjects

WOODS TO SPEAK

Many Educators To Have Part on Program That Will Attract 2,500 To W. T. Next Week

Sectional meetings of the Northwest Texas Conference for Education will give teachers and laymen an opportunity to ask questions and discuss problems of education.

Special section meetings will be held for county board members and county superintendents, high school teachers, elementary teachers, and home economics teachers. Special group meetings will be held from 2:45 to 4 o'clock in the afternoon, March 6. Each division will have an outstanding speaker in addition to the general discussion.

A barbecue will be held for board members and superintendents at the T-Anchor Ranch at noon, March 6. At 1:30 Frank R. Phillips, president of Northwest Texas County Association, will discuss the "Aims of County Board Organization." State Superintendent L. A. Woods will speak on this program. Deputy State Superintendent J. D. Wilson and Miss Edgar Ellen Wilson, Second Assistant State Superintendent of Education, will also address this group.

The high school section will meet in the auditorium of the Education Building with R. B. Norman, principal of Amarillo High School, presiding. The program will include two thirty-minute addresses by D. D. Jackson of Lubbock, and D. M. Wiggins of El Paso. Mr. Jackson will discuss "The High School Curriculum, and Mr. Wiggins will speak on "Frontiers in Secondary Education."

Miss Elva Fronabarger, principal of the Canyon Elementary School, will preside at the elementary school section meeting in the main auditorium. Addresses will be

Mrs. S. D. Burton Named Librarian of Randall Co. Library

Miss Fannie Malone has resigned as librarian of the Randall County Library, effective April 1st, and Mrs. S. D. Burton was elected to succeed her at the meeting of the board of directors held Monday afternoon. Mrs. Burton has completed all of the work offered on library management at W. T. and is in position to take the state examinations for a librarian's certificate.

The directors voted their thanks to Miss Malone for the efficient services rendered since the library was started two years ago.

In organizing for the coming year, Mrs. Dan K. Usery was elected chairman; Mrs. Harry Wood, secretary; Mrs. T. H. Knighton, treasurer.

The following committees were named:

Purchasing, Clyde Warwick, Mrs. Dan Sanders, Mrs. Hud Prichard.

Rules, Mrs. Usery, Mrs. J. A. Hill, Mrs. Andy Walsh.

Jas. F. Raney Died Suddenly Friday; Funeral in Okla.

James F. Raney, 39, died suddenly at the American Hotel Friday morning. He had been ill only a few days.

His brother, Bedford Raney, arrived Saturday from Valliant, Okla., and the body was shipped to the home for burial. Surviving are three other brothers, Hulen, Robert and Henry C. Raney, and one sisted, Mrs. F. D. Coker.

Mr. Ramey was a member of the Palo Duro Post. He has been here for about five years and has worked for Wilson Campbell and Clyde McElroy.

Newspapers Get Praise of Noted Advertising Men

Campbell-Ewald Company of Detroit, Michigan, celebrated the 25th birthday of the company last week. This is one of the largest advertising companies in the United States and places many orders with The Canyon News for advertising.

"We are, as you well know, firm believers in newspaper advertising. Other media are important, but the newspaper is the final vital link between the producer and the consumer that must be, in the very nature of things, an essential part of any well balanced advertising program," writes H. T. Ewald, president of the company.

This company handles millions of dollars in advertising accounts annually, but the bulk of the business is placed with the newspapers of the country.

260 Farmers Make Application For Listing Money

Commissioners Court To Close Application List at Meeting To Be Held Friday

Applications have been received from 260 farmers for money from the Resettlement office at Amarillo for listing land which has blown or might blow this spring.

Checks are expected on these applications during this week.

The Commissioners Court has been working with County Agent W. H. Upchurch in filing these applications, but owing to the small number who have applied this week, the court adjourned Tuesday until Friday. All farmers who wish to take advantage of this offer must make their applications Friday.

Applications are being taken in several counties in this section which suffered to the largest extent during the dust storms of last year. According to word from the district office in Amarillo it is planned to spread the money as far as possible in order that erosion be kept to a minimum this year.

The new farm bill in congress is expected to pass this week. It is built on soil conservation, and the provision is made for listing in this section in order to prevent wind erosion. No set-up has been announced until the bill has been finally approved by the President, and so far no one knows whether or not this money will be available for immediate use.

All farmers who are eligible are urged to file their applications Friday with the Commissioners Court in order to secure the money while it is available.

American Legion Is Furnishing Lunches To 20 In Schools

The Palo Duro Post of the American Legion is furnishing lunches daily to 20 children in the public schools who it has found are under nourished. Milk, a ham sandwich and an apple are given each child daily.

The charity committee is composed of R. B. Davis, J. W. Kleinschmidt and Guy Harp. A number of citizens have made donations to assist with this work, and others are invited to assist in the work which is being carried on by the Legion.

PAROLE BOARD ANNOUNCES READY FOR OPERATION

Members of the new County Parole Board organized Saturday, and notified Governor James V. Allred their willingness to serve in the future.

The Governor named John Knight as chairman. G. G. Foster was elected secretary. Other members are R. E. Foster, G. W. Cox and M. H. Rockwell.

W. W. Holcolm, newspaper man formerly of Dumas and Dimmitt, has been named by Governor Allred to have charge of the work of the county parole boards.

Series of Farm Meetings To Be Held In County

Upchurch and Miss Dozier Will Talk to Groups About New Farm Bill In Congress

A series of meetings are being held throughout the county by County Agent W. H. Upchurch and Miss Allie Dozier, home demonstration agent, for the purpose of discussing with farmers the new soil conservation program, county planning program and other matters of vital interest to farmers.

All farm people, men and women, are invited to attend these meetings, which will start at 7:30 p. m., according to the following schedule:

Community 1, Sunny Hill, Feb. 27.
Community 2, Ralph, Feb. 28.
Community 3, Jowell, Mar. 2.
Community 4, Umbarger, Mar. 3.
Community 6, Stone, Mar. 4.
Community 5, Canyon, Mar. 5.
Community 7, Park, Mar. 6.
Community 8, Trigg, Mar. 16.
Community 9, Highland, Mar. 17.

Farmer Committees Re-instated to End AAA Work in Co.

Authority was received from Washington this week to re-instate the Corn-Hog and the Wheat Committies in Randall county in order to complete all 1935 contracts.

Word has been received that all expense accounts up to February 1st has been approved and that checks will soon arrive to clear up AAA.

Farmers will receive full payment on all outstanding contracts which had not been paid when the Supreme Court declared AAA void.

FATHER OF R. N. BARNETT SERIOUSLY ILL AT BALLINGER

Sheriff R. N. Barnett was called to Ballinger Tuesday by the serious illness of his father.

Bob phoned back yesterday that his father was improved, but he expected to remain at his bedside until the crisis had passed.

Senator J. W. Reid is here from Dallas to look after business.

Collector's Office Busy Issuing New Driver's Licenses

Blanks for issuing Drivers' Licenses were received last week at the office of Collector R. N. Barnett, and up to Saturday night 777 licenses had been issued.

The application blanks are easily made out, but must be sworn to before a notary public. No charge is made by the collector for issuing the Drivers' License.

Drivers of vehicles are required by the law to carry these license at all times when they are operating a car on the highways of the state. Penalty will be imposed upon those who are without their license if stopped by highway patrolmen.

Tournament Will Bring Four Good Basketball Teams

Lockhart Announces the Series To Be Played at Burton Gymnasium Friday-Saturday

The annual district basketball tournament of Interscholastic District No. 1, will be held at Burton Gym Friday and Saturday of this week.

Friona, Pampa, Abernathy and Carey are the teams which have won the right to participate in this tournament.

The first games will be played Friday afternoon. The second series Friday night.

The semi-finals Saturday morning, and the finals Saturday night.

Several hundred basketball fans will follow their favorites to this tournament.

Abernathy won the right to participate in the district meet by defeating Lamesa, runner-up in the state champion tournament last year.

Friona defeated Amarillo to win in this section.

W. E. Lockhart is director of the tournament.

Alvis Lindley of Orleans, Ind., spent Friday and Saturday here visiting at the home of his cousin, Miss Elizabeth Cox and her mother, Mrs. R. E. Cox.

Buffs Win Two Games From Cowboys of Simmons

Globe Oilers Will Play Buffs Here Next Week —Simmons Games Are Thrilling

The Buffaloes won two of the fastest games witnessed at Burton Gym this season in defeating the Hardin-Simmons University basketball team, Monday and Tuesday nights.

The Buffs took the first game by the margin of one point, 43-42. The second game was won by the home team 37-31.

The teams have played four games this season, with the Cowboys winning at Abilene, and the Buffs winning at Canyon.

The first game was a rough and tumble affair with 17 fouls being called on the Buffs, and 18 on the Cowboys. Two men from each team went out on fouls. Each team missed 8 of the free throws.

Colvin was the outstanding star on the floor, chalking up 21 of the Buffs' 43 points. Eight Buffs were used in this contest. During the final period the score see-sawed with first one team and then the other in the lead, or a tie score chalked up. The howling fans went wild as the game ended with the Buffs one point to the good.

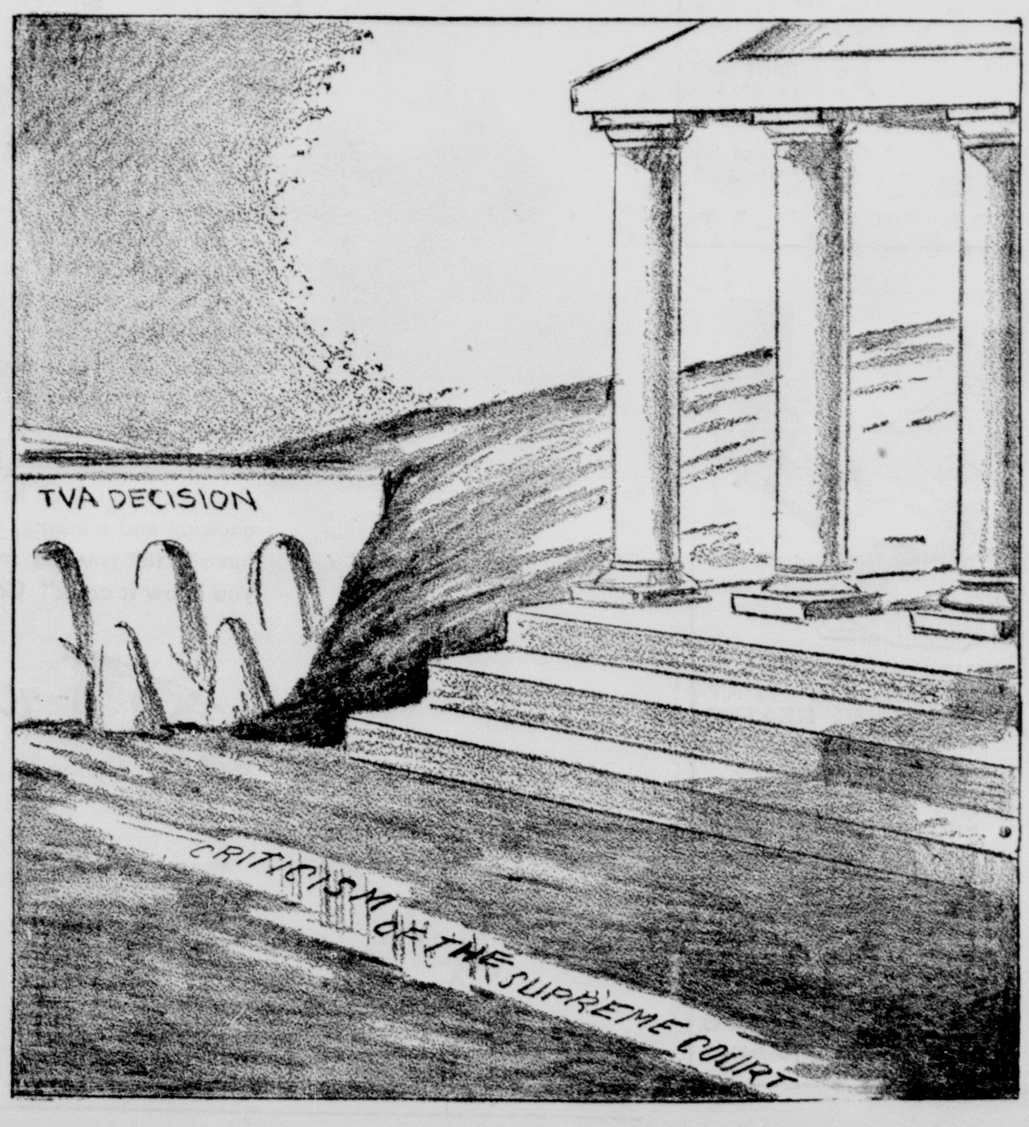

In the game Tuesday night, the Cowboys succeeded in keeping Colvin well under guard, but a new scoring system was thrown at the visitors with Butler taking the lead with 13 points. The game was less rough than Monday night, with 6 fouls being called on the Buffs and 10 on the Cowboys. Both teams missed 4 free pitches and one man on each team went out by fouls.

The Buffs held a comfortable lead throughout most of the game, but near the half of the last period the Cowboys started on a scoring spree which evened the score three times, and the visitors forged ahead twice. The final wind-up was less thrilling than the game of Monday night as the Buffs gathered strength and again assumed command of the fracas.

Southwestern Teachers of Oklahoma will be here Monday night for a return game with the Buffs. Southwestern defeated the Buffs in their first encounter of the season

$2.50 Cash Will Be Paid for First Issue The Stayer

The Canyon News will soon reach its 40th birthday. It was started as The Stayer, in 1896.

The files of The Stayer were destroyed about 30 years ago.

The News would like to have a copy of the first issue of The Stayer. If there are any copies left in the county, The News will pay $2.50 for the first copy which is brought to the office of Vol. 1, Number 1 of The Stayer.

Fire Insurance Is Reduced Due Good Record In Canyon

15% Credit Will Become Effective March 1st—Saving to Policy Holders of City

Fire insurance rates in Canyon will be given a credit of 15% starting the first of March. The credit is now 9%.

Canyon was penalized when the epidemic of fires hit in 1932, running up the fire losses to the largest amount in the history of the town. A penalty of the key rate of 3% was then added.

With the succeeding years of good fire records, the penalty was removed, and credits were allowed. Should the good record continue and the premiums on policies warrant further credit next year, it will probably be 25% starting March 1, 1937.

Conservation Needed to Save Soil of the Panhandle Section

B. W. McGinnis of Amarillo spoke Tuesday at the Rotary Club luncheon regarding the soil erosion program which is underway in this section. The program was in charge of the Vocational Service committee, Dr. R. A. Neblett, chairman. Frank R. Phillips introduced the speaker.

Mr. McGinnis outlined the set-up of the present program which is operating over the United States on the problem of erosion of different sorts. Wind erosion is the great problem of this section, and will take a great deal of time to conquor.

One hundred million acres of land in this nation has been destroyed by erosion, stated the speaker, which means an investment of a half billion dollars destroyed. Erosion has taken place since farming first started in the nation and the natural covering of the land was molested.

The government has started a definite program to redeem the soil. But it takes nature many years to rebuild 4 inches of top soil, and in many places in the Panhandle that much top soil was blown away in a single week last

Dr. F. M. Wilson is convalescing from a tonsil operation he underwent last week at Amarillo.

ELECTION WILL BE HELD IN ALL VOTING BOXES

Property Taxpayers To Vote on Forming Wind Conservation District In County

FARMERS IN FAVOR

Voters of County Are Urged to Favor Forming Wind Erosion Conservation District

The special election to form the Randall County Wind Erosion Conservation District will be held in the county next Saturday.

All voting precincts will be opened from 8 o'clock in the morning until 7 o'clock in the evening.

All property taxpayers who have poll tax receipts for 1935, or exemptions, or are more than 60 years of age are eligible to vote in this election.

Farmers of the county started the movement to form this district in order to save their land from the destruction of blowing from neighboring uncultivated lands which belong largely to non-residents.

In talking about the election Saturday, a local man stated that every farmer in Randall county who could secure the listing money made available through the Resettlement administration should get this money and do the work as prescribed, and that if this is done there would probably be no cause for enforcing listing during this year. There is much wheat land that might be saved if the listing was done at once.

A prominent farmer who is greatly interested in saving the land of the county yesterday urged the people of Canyon to back the farmers by supporting the conservation district.

Definite Plans Are Being Made Starting City Play Grounds

The City Federation of Women's Clubs has started a program of building a number of small city parks during the spring and summer.

Application will be made before March 15th for NYA labor to assist in doing this work, states Mrs. T. B. McCarter, chairman of the committee, which has been working on this project for a number of weeks.

The plan has been presented to all organizations in the city, and cash has been pledged by four groups, with promises from others to supplement this fund.

The county owns a quarter block south of the square and the commissioners court has consented to allow this to be used for the purpose of improvements. The city owns several vacant lots, which have been pledged for play grounds.

Mrs. McCarter and members of her committee have interviewed the park manager of Amarillo, and two men will be sent to Canyon to assist in laying out the parks and assisting in planning.

Mrs. Frank R. Phillips, Mrs. Ray Campbell, Mrs. W. E. Miller, Mrs. F. M. Munson and Mrs. Hud Prichard have been named by various clubs as members of the City Park Board.

Student of W. T. Died Tuesday; Victim of Pneumonia

Raymond Jarrell, 21, of Memphis and a student in W. T., died here at 2 a. m. Tuesday of pneumonia. He had been ill about a week.

Parents of the youth, Mr. and Mrs. D. M. Jarrell, had been at the bed side of their son for the past several days. He was living at Moore's Co-operative Home for boys.

They left immediately for Memphis where the funeral services were held.

PANHANDLE MEMBER PRESS ASSOCIATION

Are Senator Connally and Governor Allred staging a fight to lead the Texas delegation to the national convention? There has been much publicity pointing to this fact. The Senator has said nothing, and the Governor dismissed the thing rather lightly. If the fight is staged, it is pictured as the opening battle that Allred is supposed to have in mind to replace Connally four years hence. Many fervent Allred men are criticizing Connally for seeking to wish the head of the delegation. If the choice between Connally and Allred has been made, chances are it is the thought of Washington. And no one should blame Washington for favoring Connally. He has stood shoulder to shoulder with the administration. He is one of the most powerful men in the senate. Allred has crossed with the administration on the oil question and sought to inject the states rights question in his address to the Young Democrats, mildly criticizing the administration. The choice would be most natural and logical. Allred is unknown in Washington excepting for these incidents.

A small group of students have organized the Progressive Democrats of Texas and are attempting to embarrass the leaders of the party by protesting the selection of Roy Miller who will lead in financing the present campaign of Roosevelt and Garner in the state. Youth will serve its place in every campaign, but when it comes to raising thousands of dollars it takes seasoned and experienced business men. Simply because Mr. Miller is employed by a big industry in Texas, which is out to buy brains and driving power, does not brand him as a crook, any more than dire poverty makes every man honest. The Democratic party has never been split into so many fighting factions as this year. Whenever something goes wrong, up jumps a gang and organizes a new brand of Democracy. It was well said by a noted Republican that the Democrats could be expected to make fools of themselves at the right time. If President Roosevelt succeeds in holding all these isms togehter until November he will have accomplished a most notable feat.

President Roosevelt is trying to find out what has gone wrong with the New Deal in that it is being so generally criticized. He is calling in men of all parties, getting their opinions on various subjects. It is rumored from Washington that even political opponents have told him in a friendly manner, the weakness of the New Deal is in its administration. Petty politicians have used their office for personal vanity rather than the good of the country. As a result there may be a wholesale house cleaning among the various alphabetical boards early next month. It has long been evident that this nation needs a training school for public office holders in order that its public officials know and understand the meaning and functions of government. Trained office holders would not have bungled the good intentions of the President as have the inefficient ones who are now in charge.

"This country with its institutions belong to the people who inhabit it. Whenever they grow weary of the existing government, they can exercise their constitutional right of amending it or their revolutionary right to dismember or overthrow it." Sounds like a rank anarchist speaking, does it not? At least there are strong indications that the speaker did not believe in the infallibility of the constitution and the existing order of government. These words were uttered on the 4th of March, 1861, by Abraham Lincoln in his first inaugural address. Perhaps no man believed more firmly in constitutional government, yet had less sympathy for those who believed the constitution was unchangable to meet the needs of the times.

Senator Tom Connally has been criticized by many who were ignorant of his attitude on pensions and the bonus. Connally was a veteran in the Spanish-American and the World War. He refused to accept the pension which has been granted to all who fought in the former. He refused to accept congressional pay during the World War which was voted to those who served in the army while members of congress, and he refused to accept the adjusted compensation. He is sincere in his attitude and his opinion on the matter should be respected.

The campaign for Governor of Texas is getting under way in a big way. Friday night one of the candidates used 30 minutes on the radio raising a wall of prejudice against Governor Allred. The old age pension is the vehicle by which this candidate hopes to create sufficient dissention that the Governor will suffer in his following. It looks like Allred must take to the stump early this year in order to hold his place. Another candidate has started a newspaper to fight the Governor.

War in Europe in two years is now the general prediction. All of the nations are straining every effort toward getting ready for the big conflict. It is no wonder that the Congress of the United States so readily passed the largest appropriation bill for defense that this nation has ever passed in peace times. Europe will make every effort to draw us into the next conflict, as they did the last one, and will likewise give us the opportunity to pay the bill.

Young Teddy Roosevelt is as much of a cad as his father was a great distinguished statesman. Young Teddy poses driving a horse and cart labeled "Back to the constitution." If young Teddy is a horse and buggy Republican, no wonder his popularity as a Republican candidate has disappeared during the past few months. His stage play created no other sentiment than a feeling of disgust.

Much talk is heard about reducing the size of the legislature, but citizens should keep in mind that the only way to do this is to elect to the legislature those who favor the proposal. The legislature must pass the proposed constitutional amendment by two-thirds majority in order that it be submitted to the people.

The News' waste paper basket runs over daily with information received from the various governmental agencies which would like for us to print the latest activities of their departments. Jim Farley will have plenty deficit in his postoffice department this year.

Every property taxpayer should go to the polls and vote next Saturday in the special election. Anything to keep the soil of Randall county from blowing away should be welcomed by the citizens.

May Bring New-Type Dirigible

This strange craft, shown in front and side views, may revolutionize dirigible construction and powering, believes the inventor, Thomas M. Finley of St. Louis. A standard truck chassis is being used for tests. A dirigible employing this principle would have a hollow nose with a tunnel leading through the bag to the rear. One or more propellers at the front would draw in air ahead of the ship to create a vacuum, instead of building up tremendous air pressure as do present types.

Let's get straight to the point about your winter gasoline

In plain words it's old-fashioned to have winter starting troubles. (You needn't admit anything in company—because lots of people don't know there *is* hard starting any more.) But get a neighbor off to one side. Chances are he's an old regular on Winter Blend Conoco Bronze, or he is one of the thousands and thousands who changed to it these recent cold months. See if he doesn't say almost these words: "You always start up on Conoco Bronze; you start, that's all. No weather yet, around here, seems to make any difference. Maybe your car isn't new, but this stuff starts. You or I don't know how any gasoline is made, no matter what we're told. But when you don't have to grind the starter and pray for your battery, nor keep on choking and choking, then you know you've got what you want. And they don't have to tell you any more about Conoco Bronze than the way it starts, as long as you know it does." Continental Oil Company, Established 1875

Yearlings Lose To Wayland Cagers In Game Tuesday

After getting off to a bad start the W. T. Yearlings failed to hit their stride and suffered their first loss of the season when they dropped to the Wayland College Jackrabbits by a score of 41-28.

Presenting a revamped lineup, with the addition of two shining lights, the Jackrabbits opened a basket barrage in the first session which at one time found them with a 17-2 lead. At mid-time they led 20-12. The Wayland crew returned in the final canto, playing a consistent, aggressive type of ball which never found them in real danger throughout the game, and the taller Yearlings came out on the short end for the first time in eight starts.

Saul, Wayland forward, garnered the wreath with a total of 17 points. He was seconded by Duffey, Rabbits guard, and Shackelford, Fish center, who collected ten each.

The box score:

Highland News

Several of this community attended the senior play of the Wildorado high school last Friday night.

Miss Mary Watson entertained a group of young people at the home of Mrs. Stanley last Saturday night.

Mr. and Mrs. Carl Fuqua went to Canyon last Thursday to attend a Farm Council meeting. A meeting will be called at the Highland school before long. Mr. Upchurch and Miss Dozier will meet with us and we wish all in the community to attend.

Mr. and Mrs. Howard Rogers and Ralph have been quite ill the past week with the flu.

Mary Ann Bedenk is home from school suffering with a swollen face. We wonder if it isn't the mumps. Quite a number are absent from the Bushland school with bad colds and mumps. Mrs. Joe Bedenk is at the General Hospital in Amarillo this week. We hope she will soon be home again and well.

Mr. and Mrs. Turner McDade of Wildorado are the proud parents of a baby boy, born last Friday.

Mr. and Mrs. Carl Fuqua and boys, Florence, Sidney and Emerson Sharp had dinner at the Elam home last Sunday.

John Cage of Amarillo visited in the community last Monday. Jack Cage is working for Clayh Fuqua at present. Temple Jaragin left Clayh Fuqua's last week to work at the Binford ranch.

O. J. Brown was a business caller in Canyon last Saturday.

President Returns Thursday From Ft. Worth, Dallas Trip

Pres. J. A. Hill returned Thursday from a business trip to Dallas and Fort Worth.

On this trip, he met with a number of teachers college presidents and discussed matters of common interest with them.

Dr. Hill also held a consultation with PWA officials and believes that the campus projects under that department were hurried along as a result of his trip.

Construction on the cottages for married couples will probably be started within the next two weeks, and work on the swimming pool will begin shortly afterward, Dr. Hill stated.

A larger sum was requested for Museum improvements, but the president expressed a belief that this request would meet with disfavor.

Hill Is Appointed As Member of Education Board

The Educational Policies Commission announced at its headquarters offices, in Washington, D. C., recently that Dr. J. A. Hill, president of W. T., has been appointed as Consultant ex-officio for the Commission.

The appointment of a group of educational leaders as consultants is an important item in the program of the Educational Policies Commission.

The Commission was appointed for a five-year term of office in December, 1935, by the joint action of the National Education Association and the Department of Superintendence to develop long-range planning for the improvement of American schools.

The policies of the Commission will be developed from its contacts with educational and civic leaders serving as consultants in all parts of the country. It is an agency of leadership and service rather than an agency for bringing about standardization and uniformity.

The consultants will receive important materials prepared by the Educational Policies Commission and will be asked to assist the Commission by expression of opinions on issues submitted, by raising additional issues to be considered by the Commission, by disseminating its recommendations, and by reporting the conclusions of important committees of which the consultants are members.

Mrs. Johnston Has Charge of Excavation Project

Excavation in the Clarendon red beds, last year under FERA auspices, is now a WPA project under the direction of Mrs. C. S. Johnston, of Canyon. Eight experienced WPA laborers are employed in extracting the fossils which will be placed in the Panhandle-Plains Historical Society Museum here.

The latest discoveries include two or three kinds of horses and camels and several carnivorous animals that roamed the plains five million years ago.

Paleontology classes are assisting in preparing the specimens for display.

Mrs. Johnston stated that the people of Clarendon had been very helpful, especially Ed McAdams, who has done everything possible to further the interests of the school and museum.

Get Ready Week!

CLEAN-UP! PAINT-UP! PLANT FLOWERS AND LAWNS! GET RID OF UNSIGHTLY RUBBISH! BEAUTIFY YOUR PREMISES BEFORE OUR MILLIONS OF VISITORS ARRIVE IN TEXAS!

Governor Allred's Proclamation!

To early Americans, the word "Tejas" meant friendship.

Today the word "Texas" still means friendship, and more. It means opportunity, a land of fabulous natural resources, of rolling ranges, of loamy black farmlands, of unsurpassed climate, and— BEAUTY.

This year, Centennial Year, Texas is entertaining millions of visitors from every part of America. They're coming to see the Texas they've heard and read about. They will travel every part of our state. The favorable impression Texas and Texans make will result in a priceless asset for the Lone Star State.

Let each of us do everything possible to see that our visitors not only remember Texas as an empire of friendly people but as a land of BEAUTY, *as well. This can best be accomplished by each citizen seeing that his or her premises is free from unsightly rubbish, made attractive with flowers or green lawns. In brief, let us all cooperate to the end that visitors will be impressed with the cleanliness and beauty of Texas as well as with our far-famed reputation for friendship.*

MILLIONS TO VISIT TEXAS THIS YEAR!

Celebrations Will Bring Vast Crowds Into State!

If early indications are a criterion, a goodly portion of the population of the United States will be traveling toward Texas during 1936, Centennial year. Since announcement of Texas' big, state-wide show, inquiries have been coming in by the thousands. Statisticians now estimate more than 12,000,000 people will attend the Centennial . . . and it is reasonable that more than half . . .

Texas is on parade! Millions of citizens from other states have accepted our invitation to see and know Texas! They'll be traveling through every part of the state!

The impressions our guests take home with them will depend upon individual Texans! Clean premises! Growing lawns! Colorful flowers and landscaping! New paint! All these efforts by individual citizens will make the impressions favorable to your town and to Texas!

Join in this state-wide crusade for a cleaner, more beautiful Texas! Let's every one of us do our part!

CLASS SOCIAL AT BAPTIST CHURCH

Members of the Mary E. Hudspeth Sunday School Class met at the Baptist Church, Thursday, Feb. 13, entertaining their husbands with a dinner.

The menu consisted of swiss steak, cream potatoes, peas, carrots, salad, cherry pie, and coffee.

Those enjoying the evening were Mr. and Mrs. Lee Johnson, Mr. and Mrs. Tom Knighton, Mr. and Mrs. Foster, Mr. and Mrs. Aubrey Fox, Mr. and Mrs. Warren Johnson, Mr. and Mrs. Mark Laughery, Mr. and Mrs. Bob Steen, Mr. and Mrs. T. S. Furlow, Mr. and Mrs. L. Wirt, Mr. and Mrs. Charles Stratton, Mr. and Mrs. T. S. Stephenson, Mr. and Mrs. Andy Walsh, Mr. and Mrs. Edd Phillips, Mr. and Mrs. A. K. Goodman, Mr. and Mrs. Morgan, Mr. and Mrs. J. M. Daugherty, Mr. and Mrs. Bill Simmons, Mr. and Mrs. Jay Prichard, Mr. and Mrs. Hart, Mr. and Mrs. Hodge, Mr. and Mrs. Owen Williams, Mr. and Mrs. Claude Moore, Mrs. J. H. Cox, Jr., Mrs. Gordy, and Rev. J. R. Hicks.

DR. MILLER HOME IS SCENE OF S. S. PARTY

Members of the Condron Class of the Methodist Church were very delightfully entertained Friday evening at the home of Dr. and Mrs. M. Sloan Miller, with Mr. and Mrs. J. B. Morrisset assisting.

The patriotic colors were carried out in the room decorations. After many games of "42" the tables were laid with paper covers and napkins of the red, white, and blue design. Plate favors of small silk flags completed the chosen motif. Refreshments of graham cracker pudding with coffee and candy were served.

Those present were Mr. and Mrs. J. L. Duflot, Mr. and Mrs. Felix Pierce, Mr. and Mrs. E. W. Myers, Mr. and Mrs. Geo. I. Taylor, Mr. and Mrs. Walters, Mr. and Mrs. Fred Soll, Mr. and Mrs. Harry Wood, Mrs. S. H. Condron, Mrs. J. D. Wilson, Mrs. Irene Wilson, Mrs. Jamie Talley, Mrs. Levi Cole, J. B. Fowler, Mr. and Mrs. Morrisset, and Dr. and Mrs. Miller.

MANY GIFTS RECEIVED AT 6th BIRTHDAY PARTY

Little Miss Marguerite Furloy was given a party on her sixth birthday, Saturday, Feb. 22.

Games were played by the little folks from 3:30 to 5o'clock when refreshments of cake and ice cream were served to them.

Little Miss Furlow received many nice presents and a general good time was enjoyed by Lorena Piper, H. A. and Audrey Nell Mahle, Sister Miller, Kenneth Cox, B. B. Slack, Dorothy and Anna Bell Laughery, Catherine Jo Furlow, Bobby Lou Taylor and Ruth Price.

MRS. REEVES, MRS. WORD GIVE PARTY

Mrs. T. V. Reeves and Mrs. Millard Word were hostesses to a group of girls at Mrs. Reeves' home Saturday evening at 8:00. Mrs. Word told fortunes while the group played bridge.

Refreshments were served to Misses Nell McNeely, Geneva Sue Benton, Inez Storey, Eddis Lee Powell, Patricia Wederbrook, Genevieve Simmons, June Day, Grace Burrow, Marjory Day, Charlotte Tubb, and the hostesses.

LAS SENORAS NUEVAS WITH MRS. R. E. BALL

An enjoyable afternoon was given members of the Las Senoras Nuevas Club yesterday when Mrs. R. E. Ball entertained the group at her home.

Clever red, white, green and yellow tallies were used for the games of bridge throughout the afternoon.

Delicious refreshments of molded jello salad on lettuce, cheese wafers, sweet pickles, prune cake and coffee were served by the hostess.

Members and guests present were Mrs. A. K. Goodman, Mrs. Aubrey Fox, Mrs. Robert W. Foster, Mrs. W. E. Miller, Mrs. Warren Johnson, Mrs. Hud Prichard, Mrs. Claude Moore, Mrs. Owen Williams, Mrs. J. Madison Daugherty, Mrs. A. W. Hawks, Mrs. George Nance, Mrs. Jim Rose, Mrs. R. E. Davis, Mrs. J. L. Duflot, and Mrs. M. E. Cantrell.

SUGGESTIONS OF H. D. CLUB CO-OPERATORS

"I raised my own onion sets this year by planting my onion seed in a bed in the garden last September," said Mrs. H. R. Jones, co-operator in the Lakeside Home Demonstration Club. They came up right away as the seeds were well-soaked. They grew all winter, and in January when it grew so cold, I covered the onions with bundles of feed. In the spring I intend to take the plants up and set them in rows.

Thirty-five cents for lining, buttons and thread was the cost of a boys' suit made by Mrs. Frank Winters, wardrobe demonstrator in the Park Home Demonstration Club. The suit, size four, was made from an old coat of Mrs. Winters.

"Tops of cigar boxes make attractive pictures for a gift or for the home," said Mrs. Ivan Pitt, co-operator of the Park Home Demonstration Club. Clean the top of the cigar box, then cut it into halves. Mix oil paints with gasoline to paint your design or scene on the clean pieces.

"To make plum butter that my family enjoys, I drain the juice from a can of plums, and run the plums through a colander. For each cup of pulp add two cups of sugar. Beat the mixture until thick. This may be put into jars and sealed," said Mrs. John Haines, co-operator of the Lakeside Home Demonstration Club.

Mrs. Mary Simon, co-operator in the Park Home Demonstration Club, puts a slice of bread on top of the milk when she wants it to sour quickly.

PARTY SATURDAY AT THE CLEAVINGER HOME

On Saturday evening, Feb. 22, Mr. and Mrs. M. E. Cleavinger entertained at their home with three tables of progressive forty-two.

Following the games an ice course with cake, apples and mints was served to Mr. and Mrs. J. W. Shook, Mr. and Mrs. A. T. Smith, Mr. and Mrs. W. W. Richeson, Mrs. W. C. Kunze, Mrs. Hart and daughter Miss Geraldine, and Mr. and Mrs. Elmer Cleavinger and family of White Deer.

MRS. J. M. DAUGHERTY GIVEN HANKY SHOWER

Honoring Mrs. J. Madison Daugherty on her birthday Friday, Mrs. Warren Johnson entertained at her home with several tables of bridge followed by a handkerchief shower for the honoree.

The Geo. Washington tallies and covers were used to carry out the seasonable motif. High score prize was awarded to Mrs. Robert W. Foster, who presented the package unopened to Mrs. Daugherty who found a beautiful assortment of handkerchiefs.

Tuna fish salad on shredded lettuce with hot cheese biscuit, sliced pear with whipped cream and coffee was served.

Those present were Mrs. Hud Prichard, Mrs. Aubrey Fox, Mrs. Ray McReynolds, Mrs. W. E. Miller, Mrs. A. K. Goodman, Mrs. Robert W. Foster, Mrs. Lorenzo Wirt, Mrs. Owen Williams, Mrs. Claude Moore, Mrs. Andy Walsh, Mrs. Daugherty, Mrs. Levi Cole, Mrs. Harry Wood, and Mrs. Mitchell Jones.

ROBINSON ENTERTAINS WITH INFORMAL TEA

Miss Isabel Robinson entertained last Sunday afternoon with an informal tea.

The guests browsed through Miss Robinson's library and looked at prints collected in New England, England, and on the Continent.

Tea was served to Misses Hester Gates, Betty Zelley, Marian O'Brian, Fae Wheeler, and Frances Goodger.

FOOD INGREDIENTS STUDIED BY CLUB

"Foods are composed of only six classes of ingredients, and our bodies are made up of the same substances. Therefore, to maintain health and develop properly, the body should have these foods properly balanced." In a lecture to the women of the West Side Home Demonstration Club, assembled at the home of Mrs. J. W. Bourn, Miss Allie Dozier enlarged upon those remarks and discussed balanced menus and ways of making foods more appetizing and attractive.

The club held an all-day meeting and made a quilt for Mrs. John Coburn whose home was recently destroyed by fire. The president, Mrs. B. A. Burrus, called the house to order, and roll call by the secretary was answered with a recipe for a "one-dish meal."

A covered dish luncheon was served at the noon hour to Mesdames C. L. Gordon-Cummings, Lena Tucek, W. C. Roberts, J. J. Wright, George Frank, E. N. Zachry, L. H. Holman, Tony Burrus, W. L. Avent, Clark Ash, Ed Bourn, Babe Burrus, Pat Baber, Wm. Ash, A. N. Burgan, L. A. Donnell, and Miss Kittie Burrus.

The West Side Home Demonstration Club will hold an all day meeting at the home of Mrs. T. A. Dowlen, Friday, March 6.

Rub on VICKS VAPORUB

Often, "mere colds" have serious consequences. It is dangerous to neglect a cold—equally dangerous to experiment with half-way measures.

Feel safe! Use Vicks VapoRub—the proved *external* method of treating colds. No risks of constant internal "dosing", which so often upsets delicate digestions and lowers resistance when most needed.

DOUBLE DIRECT ACTION

Just rubbed on at bedtime, VapoRub fights a cold *direct—two ways at once*—by stimulation and inhalation. This combined poultice-vapor action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Often by morning the worst of the cold is over.

MILLIONS OF POUNDS HAVE BEEN USED BY OUR GOVERNMENT

Henry Bishop For District Attorney

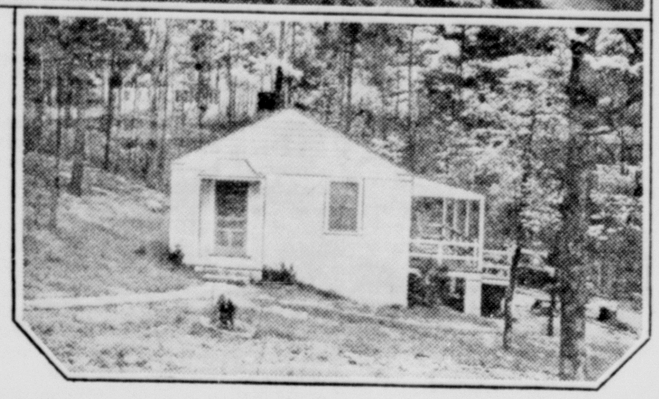

To the people of the 47th Judicial District of Texas:

I hereby announce as a candidate for district attorney of this district, in which office I served some years ago. My platform is: Diligent, impartial administration of the law as economically as is practically possible. I respectfully solicit the support of each of you and hope to see you personally before the election.

HENRY S. BISHOP.

TVA Ranks as History's Most Extensive Attempt to Improve Living Conditions

The nearly completed Norris dam, upper photo, important unit in the vast TVA project, will create a lake 80 miles long on the Clinch river in eastern Tennessee. Pictured in the lower photo is one of the workers' homes in the model town of Norris, situated four miles from the dam.

WHEN the U. S. Supreme Court upheld constitutionality of the Tennessee Valley Authority, it stamped judicial approval on the most extensive effort to improve living conditions the world has ever seen. The government will have spent approximately $111,000,000 on TVA projects by midsummer.

TVA activities spread over 40,000 square miles of the Tennessee Valley and affect all its 2,000,000 people. About 15,000 now are at work on its various projects.

Here are the main things TVA is doing:

1—It is building four great dams—Norris, which will be finished this summer; Wheeler, Pickwick Landing, and a dam at Guntersville, Ala.

With Wilson Dam, built during the World War to make nitrogen, these are the forerunners of a series of barriers to control the whole Tennessee river.

2—With its surplus from Wilson Dam, TVA already is providing the power needed to build Norris Dam and supplying small towns and rural areas in that section.

3—When the huge reservoir begins to fill behind Norris Dam, a start will be made in controlling disastrous floods which frequently have swept the valley.

4—Navigation of the Tennessee river is made a definite prospect.

5—To make nitrogen, two huge plants were built at Wilson Dam during the war. One is obsolete and unused. The other is being turned to experiments in creating and making phosphatic fertilizers, judged more necessary than the nitrates.

6—One of the greatest surveys of land use ever undertaken has been made and, as a result, the best use of all land in the basin is known.

Incidentally, a soil conservation program similar to that proposed to supplant AAA has for the last year been in effect in the valley. Cover crops have replaced land-menacing row crops and crop rotation has been employed, to build up soil in the region. Since the land consequently is richer, and less is needed to produce crops equalling those grown under the old system, the co-operative farmers are making just as much money as they did previously.

7—To encourage greater use of electricity on farms and in homes, the Electric Home and Farm Authority, an agency to finance sales of electrical equipment, was created.

8—Towns built at Norris and Wheeler Dams for the workers will be permanent and should eventually pave the way to establishment of rural communities where small factories served with cheap power may be operated.

9—Valuable experiments have been made in ceramics, the electrical firing of native kaolin clays to make fine white dishes, now almost all imported.

FORWARD MARCH!

March is soon coming. Whether it will come like a lion or a lamb remains to be seen. High school students can be compared to almost anything, and now we will find that we are like March.

In the last senior class meeting, Mr. Carruth and Mr. Pope informed the students that many times in college their grades fall below their high school grades. Perhaps they barely reached the mark while in high school, or maybe they are not even interested in education in college; then possibly they overloaded themselves with burdensome subjects, failing to get proper guidance upon entering college.

It is said that little drops of water make up the mighty ocean, and little grains of sand build the mighty sandstorm; then it is true that each little particle of knowledge gained in a day's schooling builds the mountain of education. Thus mused the seniors, after the challenge of Mr. Carruth and Mr. Pope, before asking themselves the question, "What kind of weather am I? Am I storming with a lion's rage, slapping all kinds of material together for my foundation, or am I taking time, like a gentle lamb, to see that my material fits perfectly together, and that each particle is strong enough and stern enough to build my foundation solid; so it won't collapse under me? Like the teachers said, "Now is a good time to put out all I've got, but how I wish I had begun when I was a freshman, or sophomore, or even a junior."

If you wish to study this question further, or find advice on the question, read the editorial column of "The Prairie," of February 18.

Not every change is progress, but not all progress is a change.

INTRAMURAL TOURNAMENT STARTS MON.

EAGLE CAGERS WILL COACH 5 WELL-MATCHED TEAMS

The Intramural basketball tournament will open next Monday with five teams competing.

Choaches were chosen, and the teams started practice the first of this week. The coaches were: seniors, Jack Taylor; juniors, Thomas Harris; sophomores, Ray Ford Rusk and D. A. Butler; freshmen, Wesley Cox and Leslie Lisle, and 7th grade, Darwin Dobbs.

The teams are rather evenly matched this year and the tourney promises to be a thriller.

The games are to be played each afternoon next week. There will be an admission charge of 10 cents on the final game to cover the cost of a trophy for the winning team.

Home Ec. Pupils Hold Charm Test

Charm Tests were given out to the members of the Home Economics Club last Tuesday night when the club met in the Home Economics room. The members checked themselves, and a short discussion followed.

Geral Dean Heath made a report on the programs for the semester. The program for the rest of the year has been made out and was read.

March 10, District Rally Plans to be made. Social Committee will serve a tea to the club.

March 24, Mrs. W. A. Warren will talk on spring styles; Home Economics girls will have a style show, followed by a round-table discussion of styles.

April 7, Mrs. Geraldine Green will talk to the club on conduct in relation to personality development. A round-table discussion will follow Mrs. Green's talk.

April 21, Students having attended state rally will give reports on the trip.

May 5, The Boys' Home Economics class will give the club a program on good manners.

May 19, Senior send off.

At the end of each meeting a short social will be held.

Projects and H2 S Made By Chem. Students

From the odor that was produced from the science laboratory last Thursday and Friday afternoon, the chemistry students must have been required to bring their last year's and the year before last Easter eggs to class, even if a few weeks before Easter are remaining.

The odor was a misrepresentation. For it was not rotten eggs that the chemistry students were experimenting with, but they were preparing hydrogen sulfide which is a poisonous gas with a peculiar and disagreeable odor.

The Chemistry Class is really going to do things up in fine fashion in the next twelve weeks. Everyone has to prepare something as an annual project, and many interesting things are to be done.

Fred Hart will be on hand with his photography; Douglass Loudder, Woodrow Hicks, and Sherman Higdon, "aeronuts," will make dope and glue for model airplanes; Billie Bee Flesher plans to do glass etching with hydrofluoric acid, and others will follow their hobbies, if they have any.

All this shows that the Chemistry Class is not lagging, by any means.

THOUGHT OF THE WEEK

"I never allow myself to become discouraged. The three great essentials to achieve anything are: first, Hard Work; second, Stick-to-itive-ness; third, Common Sense."
—Thomas A. Edison.

Ford Fronabarger Leads P.T.A. Talk; Study Club Meets

Dr. B. F. Fronabarger will be the guest speaker at the meeting of the Parent-Teachers' Association, March 3 in the High School Auditorium. His subject will be "Magazine Reading."

The devotional will be led by Mrs. Bill Robinson, and music will be furnished by the Public School Band, under the direction of R. G. Stevenson.

Educational and vocational guidance will be the topic of discussion at the meeting of the Parent-Teachers' Association Study Club held in the grade school music room today at 3 p. m.

Miss Gladys McClanahan will preside over the meeting.

Mrs. Alfred Bellah will lead a round-table discussion on Parent-Teacher work.

Journalists Work On Town History

The Journalism Class, under the supervision of Miss Lois Goodrich, has been working on an interview project on the early history of the town and county.

Various members of the class have interviewed old settlers of the county to obtain rare pieces of history which they will use in essays on some phase of history of this county.

The essays that are being written will be judged, and the best one will be sent to the Texas Centennial Contest for the best essay on early history of the town or county.

Freshmen Girls Give Party Friday

In concluding their study of Child Care, the freshmen girls gave a party for pre-school children last Friday afternoon.

Annie Sue Rogers directed the games which were: "Drop-the-handkerchief," "Jack in the box," and "Froggie in the middle." Martha Carlee Wirt told "Epaminondas" to the larger children, while Lillian Chambers told "The Three Little Bears" to the smaller children.

Refreshments of jello, animal cookies, and grape juice were served to Cortez McNeill, Maxie Bellah, Garry Gammon, Billy Don Phillips, Patsy Chambers, Mary May Peppard, Ann Black, Sue Lane Neff, Marguerite Furlow, Bruce Carruth, Dena Lee Dickey, Harold Clark Morton, Dorothy Marie McBroom, Audrey Nell Mailey, and Valeta May and Joan Haynes.

Exes Walk Far To Get An Education

"I walked three and one-half miles to get my education when I was a boy," said Thomas and Dan Gerald as they were talking to their grand children one day in 1972.

Thomas and Dan Gerald, ex-students of Canyon High School, show how much they want a college education by walking three and one-half miles every morning to attend West Texas State Teachers College and three and one-half miles home again each night.

La Tertulia Goes Treasure Hunting

Falling over boxes and running over each other in an attempt to reach the treasure first was the luck and fate of the members of La Tertulia Tuesday when they were entertained by J. C. Bellah and Sherman Higdon at the home of the former.

The Spaniards for an hour were taken on a treasurer hunt when they arrived. Through the house, down into the basement, and out into the garage went the eager Spaniards in search of their treasure.

The rest of the evening was devoted to an amateur broadcast hour. Mary Catherine Wirt and Geraldine Heath sang songs in Spanish, J. C. Bellah and Fred Hart played a clarinet solo; John B. Pope imitated Joe E. Brown; Lecy Mae Furlow and C. L. Drummond contested in a Spanish spelling match. Freida Lowrie, now Mrs. W. R. Sanders, gave the story "Caperucita Encaranda," Little Red Riding Hood." Mr. Pope made a Spanish speech, and Hazel Benton related the Spanish alphabet. Annie Williams played a piano solo; Billie Bee Flesher related Spanish proverbs, and Pauline Harris imitated a "vendor de fruitas," fruit vendor. Sherman Higdon acted as radio announcer.

Refreshments of tea and cookies were served at the close of the hour.

ED. CONFERENCE MEETS AT W. T. MARCH 6 AND 7

CARRUTH AND FRONABARGER PRESIDE; SCHOOL WILL DISMISS FRIDAY

Willard W. Beatty, Superintendent of Schools, Bronxville, N. Y. and President of the Progressive Education Association, will be the principal speaker at the Northwest Texas Conference for Education, appearing four times on the program which will take place at West Texas State Teachers College, March 6 and 7.

Superintendent I. B. Carruth, chairman of the resolution committee, will preside at the 10:15 session Saturday morning. Miss Elva Fronabarger, grade school principal, will lead both special sessions of the elementary teachers.

To allow the teachers to attend the conference, school will be dismissed March 6.

Frank W. Hart, Professor of Education, University of California, will speak three times, and L. A. Woods, State Superintendent, will speak twice. Others speakers will be D. M. Wiggins, President of Texas School of Mines and Metallurgy; Bradford Knapp, President of Texas Technological College, and J. D. Wilson, Deputy State Superintendent, District 1.

By Whonose

Well folks, the Eagles have packed their historical duds and closed the current cage season with 18 victories against 4 defeats; but, the Eaglettes still have their district tournament.

Talking about basketball, do any of you remember M. E. Bagwell, last year junior, who played center for the Eaglettes? Well people, she is a regular on the Pantherettes of Panhandle High School.

Going back to the football season, do any of you medievals recall Gayle Campbell who attended school here in '32? He went to Tyler and played quarterback on Tyler's class A Lyons last season, and he made the A. P.'s honorable mention list. Oh yes, Byron George, who attended grade school here, played last season with the Hereford Whitefaces.

Oh, by the way, the Eaglettes won their closest game of the current season last Friday night when they defeated the Lakeview girls 1 to 0. The Lakeview sextet was unable to attend because Old Man Weather interfered, and so they had to forfeit the game.

What will happen next? The rural schools of this county have decided to stop holding Interscholastic League Meets because too little interest was manifested last year.

My, oh my, and am I sleepy? What with attending all the boxing, wrestling, and tumbling around here, and playing marbles, and watching the intramural games, and the preparation for spring football and track, and even playing ping pong and softball, what more could a body do?

A greatly needed rule is that of making the ladies stop wearing the basketball boys' all-star gold basketballs. And, by the holy foot corns, why don't the girls start playing jacks? I just found they are the royal game of Ethiopia; so even the boys would not lower their dignity by playing.

Eagles Lose In Semi-Final Game To Amarillo Sat.

Wesley Cox, Eagle guard, was selected as All-District guard, even though the Eagles were defeated in a semi-final classic at the District Tournament by the Amarillo Sandies. The score was 37 to 24.

The Eagles defeated Channing, 38 to 18, in the first game of the tournament Friday morning.

Tulia dropped before the towering Eagles in a thrilling game Friday night, 21 to 22.

White of Amarillo was selected, by sport writers and coaches, as the best all-round guard of the tournament. Fox of Dalhart took individual scoring honor by making 33 points. He also made all-district forward.

Other players to make the all-district team were Gower, center, and Brookfield, forward, of the Friona Chiefs, who defeated Amarillo Saturday night, 29 to 21, to win the tournament.

Fox and White will receive trophies for their individual honors.

The All-District team will receive gold footballs.

"Mr. Fox! Help!" Shouts Student

"Mr. Fox, help! Hurry up! Do something quick," came the screams from the chemistry laboratory last week. If you would like to know whether nitric acid is a weak, a strong, or an active acid, ask Marjorie Wilkinson or Billie Bee Flesher, because it is said experience is a source of knowledge.

While in the laboratory examining some nitric acid last week, Marjorie tilted over some of the nitric acid that she had prepared. It fell on her right hand and splattered on Billie Bee's hands. As a result Marjorie has a long orange streak across her right hand which she has had bandaged. Billie Bee has a number of red spots on the top of each hand. They will not say whether it is a weak or a strong acid. They say it burns, and acts as a protein on the skin.

Miss Mary Frances Gale of Lubbock was the week-end guest of Miss Lenna Foster. Miss Ellen Jameson spent Sunday with Miss Foster.

Mr. John B. Pope,II, principal of the high school, visited his farm seven miles southeast of Hart, Saturday.

Ethel Brasuel, '30, now teaching at Mobeetie, visited her home in Canyon over the week-end.

Pauline Moore, junior, visited her parents near Dawn, over the week-end.

Pauline Harris, junior, visited in Amairllo with her cousin, Alma Lee McCuistion, last week-end.

NOTICE OF POSTPONEMENT

The date of the District Home Economics Rally has been changed from March 7 to March 14, because of the Northwest Educational Conference booked for the week of March 7.

2A Has Party; Projects Finished

Pauline Moore entertained several of her friends with a B. Y. P. U. party last Tuesday night. Refreshments of cocoa and marshmallows, cookies, candy, and smacks were served to Juanita Bible, Charlotte Henderson, Ruth Gill, Paula Louise Beckwith, Beatrice Stevens, Helen Tucker, Garl Cone, and the hostess.

Dr. A. M. Meyer has been teaching the Faculty Class of Canyon Public School since the illness of Dr. R. P. Jarrett, who is the regular teacher of the course. The class is continuing the study of "Curriculum Development," by Caswell and Campbell, and making reports on individual units.

Miss Virginia Jarrett, first grade teacher, was ill Monday. Mrs. Dan Sanders substituted for her.

Weldon Hutson entered school Monday in the first grade in Mrs. T. W. Collins' room. He has never been in school before.

The 2A class under the supervision of Mrs. Ola Beeson entertained the 2B with a George Washington party Friday afternoon. The students decorated the napkins with a bunch of cherries in one corner, and a hatchet in the other corner. They planned their own invitations and games. Pop corn balls, lemonade, and suckers were served.

4A and 3B under the direction of Miss Gladys McClanahan have finished their theatre. They wrote a puppet play of three acts on Holland. They plan to give the play to all the classes of the grade school. They gave the play to 3A under the direction of Miss Ruth Greenfield, Friday afternoon, and to 4B, with Mrs. Isabelle Cousins as teacher, Monday afternoon.

Two more grade school students have received Reading Certificates from the State. They are Martha Frances Campbell and Grant Sharman.

The 7B is giving a program to the grade school Friday honoring Henry Wadsworth Longfellow whose birthday is today. They will dramatize parts of "Evangeline," "The Courtship of Miles Standish," and "Hiawatha."

The Boy Scouts of Troup 30 held their regular meeting last Friday in the Education Building with 33 boys present. Games were played for an hour with the Pirate Patrol emerging victorious. The boys then went for a swim in the college pool.

Murder! Witches! Macbeth Relives

Three murders were committed in one day at Canyon High School and two days later there was another murder. Really there should have been two, but the professional murderers let one slip by them; result: only one death.

Yes, you students who know all and see all, did you know that?

After two people were murdered a lady fainted and had to be carried out. Everyone got drunk one day and caroused until the second cock. Three witches were here, and they had chaldron with tigers' intrals in a big black pot.

Again Macbeth treads the earth with murderous malice, as the Senior English Class studies the "Tragedy of Macbeth."

Students Examine Early Newspapers

"The President Is Dead," was the flashing headline in the paper which Mr. Milton Sanders brought to school; so the history students might study in full the death of McKinley, and the journalism students could study the style of the paper.

The paper stated that McKinley had been stimulated with oxygen to hold the flicker of life in his body. When he regained consciousness for the last time, he requested that they abandon the use of stimulants. He attempted to quote "Nearer My God to Thee," and finding himself hopless, he said, "Goodbye, all; goodbye. It is God's way; His will be done." Those were his last words.

"The Courier-Journal," as the name of the paper was, was purchased by Mr. Sanders, Sept. 14, 1901. The paper claimed the largest circulation of any morning paper of the south. Mr. Sanders also has the "Amarillo Daily" newspaper published Aug. 3, 1923. This issue was also featuring the death of a President with top streamer reading: "Harding Dies Suddenly."

The Journalism Class is making a comparative study of the papers.

A. L. Wood Collects Stamps Since 1934

"Some day I believe my stamp collection will be worth somethng," said A. L. Wood, member of 6A.

A. L. has been collecting stamps since October, 1934. There are 200 different stamps in his collection, coming from all over the United States, and Germany, France, England, Italy, Belgium, Holland, and Poland.

"I do it for the fun of it," said A. L.

A. L. is going to continue collecting stamps as long as there are any different ones to find.

He lives at the Tierra Blanca Farm, east of town.

Books In Review

"The Honorable Peter Sterling," by Paul Leicester Ford, deals with the political situation in the early nineties. It was then that the American voters were concerned with the boss and his activities in politics. This is a novel of character, and contains an "old fashioned love story."

Peter Sterling is a quiet, slow-going young lawyer. Watts Alloi is a classmate, and he marries Peter's sweetheart, Helen Pierce.

Sterling's first New York campaign is to repair the ravage of adulterated milk—a subject of political dynamite. It shows the complex international pattern of New York political life, which has changed little in the last 30 years.

"Men Against the Sea," by Charles Nordhoff and James N. Hall, is the story of Captain Bligh of the "Bounty" who with 18 loyal men were driven by the mutineers into the ship's launch and cast away.

They were set adrift on an unknown sea with no firearms and only a small portion of food and drink.

At the first island they stopped, they barely averted a massacre by the savages.

During the following days Bligh proved himself a great leader, although he did fail as a man.

He steered the little launch by dead reckoning, and cheered his weak and storm soaked men.

Exactly 47 days after the mutineers set them adrift they landed at Timor, a Dutch colony, 3600 miles in an open boat—it still stands as one of the great exploits of naval history.

Mildred Shuman, junior, visited her parents in Amarillo last week-end.

Anna K. Overton, senior, visited in McLean, Sunday.

EAGLETTES GO TO TULIA FOR DIST. TOURNEY

ALL TEAMS IN DISTRICT PLAY FRIDAY AND SATURDAY FOR CROWNS

"We just must win district," say the Eaglettes basketball team. The Eaglettes will attend the girls' district basketball meet tomorrow and Saturday at Tulia, where they have attended district tuornaments for several years.

If hard work and practice makes perfect, the Eaglettes should be nearing the perfect stage, for they have been working hard the last two weeks.

The stronger teams which will be at the tournament are: Channing, Dimmitt, Canyon, Stratford, Happy, and Hereford.

Brackets for the teams have not been made as yet; so the Eaglettes do not know whom they will oppose.

Word and Inghams Will Give Program

Dated at Canyon, Texas, this 5th day of February, 1936.

R. N. BARNETT, Sheriff,
Randall County, Texas.
By E. J. Dunn, Deputy. 47t3

Here's a fact so important to your pocketbook that we repeat it in bold-face type:

While the choke is out, your gasoline is being consumed 5 to 15 times faster than normal.

Hence the biggest everyday saving you can make in your gasoline bill is to use a motor fuel which requires the least possible choke . . . which starts cold motors instantly and warms them up fast, even in freezing weather.

And that is a perfect description of Phillips 66 Poly Gas—the extra high test gasoline which costs nothing extra.

Into every drop of this livelier gasoline, the scientific POLYmerization process crams an added supply of heat units. These extra B.T.U.'s—as engineers call them — blaze into action with split-second speed. They humor cold motors. Warm them up so fast that coughing and sputtering are practically eliminated. Improve acceleration and power. And with the aid of Tetra-Ethyl Lead, make carbon and compression knocks fade right out of the picture.

Why not save the drain on your battery and gas tank? Treat your car and your purse to the quickest winter starting and the longest winter mileage you've ever had. Get a trial tankful of Phillips 66 Poly Gas . . . GO EASY ON THE CHOKE . . . then just feel that difference.

played when the Buffs were returning from the Kansas tournament. The Buffs will seek revenge in the game Monday. This promises to be another of the outstanding battles of the season.

The Buffs will meet the McPherson Globe Oilers here on March 7 and 9. This is one of the most famous teams in America. Gene Johnson, all-American, is captain. Joe Fortenberry of Happy, former Buffalo star, is a member of the team. Another member of the team is 6 feet 9 inches tall. Coach Al Baggett is planning to handle the largest crowd that has gathered at the Burton Gym this year owing to the interest that will be shown in seeing these two teams in action.

Educational Meet

Soil Conservation

(Continued from page one)

year. To restore a natural protection is the first problem. Fortunately the best covering for this section are the drouth resisting crops. The department in which Mr. McGinnis works advocates planting row crops in the wheat fields which will help in stopping blowing. Leaving some of the stalks is necessary the year around.

It is found that 24% of the effective rainfall of this section runs off if not stopped, and this is being done by terracing and contours. There are nine projects underway in this territory, but it will require the co-operation of all people, both farmers and town folks, to make the program a success. Formation of conservation districts such as will be voted on in Randall county next Saturday is necessary.

The Plainview Rotary Club will visit the Canyon club next Tuesday evening at 7:30 o'clock, and will put on a program.

Visitors present Tuesday were: Woodson Armes of Waco, J. C. Baker, Jr., and Frank R. Phillips of Canyon; C. T. Crowe of Amarillo.

Library Notes

The library wishes to thank the many friends who have so graciously and generously given magazines. After selecting those needed in the files, about 1,000 were sent to Judge Slack's office to be distributed to the teachers of the county to be used by the pupils, or to be sent out into the homes.

We still need some numbers of magazines lacking in the files, and will appreciate any and all magazines which are sent in.

Thanks are given T. M. Reid, who printed labels for the shelves in the magazine room.

Funny papers are desired weekly for the children who read regularly at the library.
